1 Plaintiff United States of America, on behalf of the United States
2 Environmental Protection Agency ("EPA") filed a complaint in this action on
3 September 28, 2011, alleging that Defendants MotorScience Enterprises, Inc.,
4 MotorScience, Inc. and Chi Zheng violated Sections 203(a) and 213(d) of the
5 Clean Air Act (the "Act"), 40 C.F.R. §§ 7522(a) and 7524(d), and associated EPA
6 regulations found at 40 C.F.R. Parts 1051 and 1068.

7 The United States' Complaint alleged that Defendants caused four of their
8 clients to violate EPA regulations by Defendants' 1) failing to properly test
9 emission data vehicles ("EDVs") for the clients in connection with Defendants'
10 submission of Certificates of Conformity ("COC") applications to EPA, 2) failing
11 to provide the clients with copies of the COC applications, and other
12 documentation required to be kept, that Defendants submitted to EPA on behalf of
13 the clients; 3) failing to create and maintain records on how durability mileage was
14 accumulated on the EDVs in question in the COC applications; and 4) failing to
15 maintain records on all maintenance performed on the EDVs in question in the
16 COC applications.

17
18 Intervenor-Plaintiff the People of the State of California, ex rel. the
19 California Air Resources Board ("ARB") filed a Complaint in Intervention which
20 was approved by the Court on November 16, 2011. The Complaint in Intervention
21 alleged that Defendants violated California Health and Safety Code section 43151,
22 *et seq.*, California Code of Regulations, title 13, sections 1958, 1976, and 2410, *et*
23 *seq.*, and California Air Resources Board regulations by, among other things,
24 failing to properly test EDV emissions for their clients in connection with their
25 submission of Executive Order ("EO") applications to ARB, by submitting false
26 information in their EO applications, by failing to create, obtain or maintain
27 records on the EDVs that they should have had tested for their clients, and by
28

1 failing to supply their clients with a copy of the EO application that they submitted
2 to ARB on behalf of their clients and other records their clients are required to
3 keep and maintain.

4 Defendants do not admit any liability arising from the transactions or
5 occurrences alleged in the United States' Complaint or California's Complaint in
6 Intervention.

7 The Parties recognize, and the Court by entering this Consent Decree finds,
8 that this Consent Decree has been negotiated by the Parties in good faith and will
9 avoid further litigation among the Parties, and that this Consent Decree is fair,
10 reasonable, and in the public interest.

11 NOW, THEREFORE, before the taking of testimony at trial, without the
12 adjudication or admission of any issue of fact or law except as set forth herein
13 below, and with the consent of the Parties, IT IS HEREBY ADJUDGED,
14 ORDERED, AND DECREED as follows:

15

20 2. Further, the Court has supplemental jurisdiction over the California
21 law claims alleged in the Complaint in Intervention pursuant to 28 U.S.C.
22 § 1367(a) because the California claims are related to the federal claims and form
23 part of the same case or controversy.

24 3. Venue is proper in this District pursuant to Sections 204, 205, and 213
25 of the Act, 40 U.S.C. §§ 7523, 7524, and 7547, because the Defendants' principal
26 place of business is in this District. For purposes of this Decree, or any action to
27 enforce this Decree, Defendants consent to the Court's jurisdiction over this Decree
28

1 and any such action and over Defendants, and consent to venue in this judicial
2 district.

3 4. For purposes of this Consent Decree, Defendants agree that the
4 Complaint and the Complaint in Intervention state claims upon which relief may
5 be granted pursuant to Sections 203, 204, 205 and 213 of the CAA, 42 U.S.C.
6 §§ 7522, 7523, 7524, and 7547, and California Health and Safety Code section

19 in compliance with the terms of this Section of this Consent Decree.

20 B. Compliance Requirements for All Mobile Source Work Involving
21 Nonroad Vehicles or Nonroad Engines

22 12. From the date of Defendants' signatures until the Consent Decree's
23 termination, before any of the Defendants conducts (or continues to conduct)
24 Mobile Source Work involving Nonroad Vehicles or Nonroad Engines, such
25 Defendant shall comply with the requirements set forth below, in Paragraphs 13-
26 19, below.

27 13. Defendants shall hire a Compliance Contractor and an Audit
28

1 Contractor in accordance with the hiring process set forth in Paragraph 14, below.
2 Defendants shall perform no Mobile Source Work involving Nonroad Vehicles or
3 Nonroad Engines except according to an EPA-approved Compliance Plan and
4 Audit Program described below. Defendants shall bear all costs associated with the
5 Compliance Contractor and the Audit Contractor, shall cooperate fully with the
6 two contractors, and shall provide both contractors with unfettered access to any
7 Facility, including all records, documents, vehicles, engines and equipment
8 associated with the business. The requirement to maintain a contract with the
9 Audit Contractor shall continue a minimum of four years from the date the first
10 quarterly report is submitted to EPA by the Audit Contractor, and shall continue
11 thereafter, for the length of time EPA determines is necessary, after consultation
12 with ARB, to ensure Defendants' compliance with applicable law, but in no event
13 to exceed ten years total. The requirement to maintain a contract with the
14 Compliance Contractor shall continue for three years from the date of EPA's
15 approval, in consultation with ARB, of the Compliance Plan.
16

17 14. Contractor Qualifications, Hiring, and Replacing

18 a. Prior to conducting or continuing to conduct any type of Mobile
19 Source Work involving Nonroad Vehicles or Nonroad Engines, Defendants shall
20 submit to EPA and ARB a list of six or more proposed consultants to serve as
21 either the Compliance Contractor or the Audit Contractor, along with their
22 qualifications and descriptions of any previous work or contracts entered into with
23 any of the Defendants. Each proposed consultant shall employ two or more
24 registered professional engineers with a specialization in engine and vehicle
25 compliance with all aspects of applicable EPA regulations (and, where applicable,
26 ARB regulations, if California sales are anticipated) covering the type(s) of Mobile
27 Source Work that the Defendants propose they will conduct. For example, if the
28

1 type of Mobile Source Work involves emission testing, consulting on emissions, or
2 the preparation or submission of COC or EO applications, the candidates must
3 have experience in: emissions testing in accordance with EPA and ARB
4 regulations; maintenance and modifications of emission-related components of
5 vehicles to ensure compliance with EPA and ARB emission standards; mileage
6 accumulation on EDVs; and recordkeeping requirements contained in EPA and
7 ARB regulations.

8
9 b. The proposed consultants shall not be present or past Affiliates,
10 employees or contractors of any of the Defendants, or present or past employees of
11 any contractor of any of the Defendants. EPA, after consultation with ARB, shall
12 approve or disapprove each proposed consultant on the list, which approval shall
13 not be unreasonably withheld. Should EPA approve none of the proposed
14 consultants on the initial list, Defendants shall submit a new list of six or more
15 candidates. Should EPA, after consultation with ARB, not approve any of the
16 consultants on the revised list, Defendants shall continue to submit new lists until
17 EPA approves two or more candidates. Within 15 Days after receipt of EPA's
18 approval of candidates, the Defendants shall select one consultant to serve as the
19 Compliance Contractor and another consultant to serve as the Audit Contractor,
20 and shall enter into the contracts described in Paragraphs 15 and 18, below. The
21 Compliance Contractor and Audit Contractor must not be an Affiliate, as that term
22 is defined in Paragraph 10.a, nor should they have a business relationship with one
23 another. In the event that any of the consultants approved by EPA are no longer
24 available or willing to accept the work required by this Decree when notified of
25 their selection, the Defendants shall select another EPA-approved contractor, and
26 shall enter into the contract described in Paragraph 15 or 18, as appropriate, within
27 15 Days after receiving EPA's approval.
28

1 15. Duties of the Compliance Contractor : The contract with the
2 Compliance Contractor shall provide that the Compliance Contractor shall
3 perform the following duties:

4 a. Develop a draft Compliance Plan as detailed in Paragraph 16,
5 below, with the Defendants' input, and timely submit it to EPA and ARB;

6 b. Respond to all EPA comments and ARB comments on the draft
7 Compliance Plan, modify the Plan accordingly, and resubmit the draft Plan, within
8 30 days of receiving comments;

9 c. Once the Compliance Plan is approved, monitor the Defendants'
10 compliance with the Compliance Plan, and annually train Defendants' employees
11 or contractors on the Compliance Plan requirements for a minimum of three years
12 from the approval date.

13
14 16. Compliance Plan

15 a. Any Compliance Plan required by this Decree shall require that
16 Defendants:

17 i. conduct, or cause to be conducted, all Mobile Source
18 Work according to a detailed regimen designed to ensure compliance with all
19 applicable law;

20 ii. include provisions in any contracts (or other commercial
21 correspondence) concerning their Mobile Source Work that Defendants must,
22 before conducting Mobile Source Work, provide to their customers or obtain from
23 their customers all information necessary for vehicle or engine compliance
24 determinations;

25 iii. provide to every Person involved in implementing the
26 Compliance Plan training and resources to assist their implementation;

27 iv. create and maintain records of all Mobile Source Work
28

1 according to an explicit protocol; and

2 v. prepare and submit an annual report as described in
3 Section VII (Defendants' Reporting Requirements), below.

4 b. Any Compliance Plan required by this Decree for Mobile
5 Source Work involving emission testing, consulting on emission testing, or the
6 preparation or submission of COC applications or EO applications shall further
7 require that:

8 i. prior to the submission of any COC application to EPA
9 in which Defendants have had any involvement in preparing or reviewing, the
10 Compliance Contractor shall review each draft COC application for consistency
11 with the EPA-approved Compliance Plan, and shall make recommendations to
12 Defendants, if necessary, to ensure consistency with the Compliance Plan.

13 ii. Defendants follow a vehicle and engine testing protocol
14 (as set forth in the Compliance Plan) for all new vehicles and engines, all Carry
15 Over situations, and all Carry Across situations, developed in accordance with
16 applicable federal regulations (for example, 40 C.F.R. Parts 1051 and 1054), and,
17 where necessary (i.e., for vehicles to be sold in California) State regulations found
18 at California Code of Regulations, title 13, sections 1900 *et seq.*, 2400 *et seq.*,
19 2410, *et seq.*, 2430 *et seq.*, and all other applicable regulations, emission standards,
20 and test procedures.

21 iii. an employee or contractor of Defendants physically shall
22 inspect the largest-displacement vehicle or engine from the Engine Family for
23 which Certification is sought to ensure that all emission-related parts conform to
24 the COC application (and, in Carry Over or Carry Across situations, compare all
25 emission-related parts of that vehicle with the corresponding emission-related parts
26 of the EDV tested for the other COC application being used for the Carry Over or
27
28

1 Carry Across to ensure that the application is accurate);

2 iv. in Carry-Over or Carry-Across situations, if the vehicle
3 or engine to be certified includes a catalyst, Defendants shall obtain an actual
4 production vehicle from the engine family (or families) that the COC applicant
5 desires to have covered by the application, and Defendants shall disassemble the
6 exhaust system attached to the production vehicle and verify that the exhaust
7 system catalyst part number, dimensions, cell density, and metals loading are
8 identical to the design specifications of the EDV described in the corresponding
9 COC (where such information is provided). If the inspected catalyst(s) is not
10 identical in each of these aspects, Defendants shall not submit the application in
11 question. Further, Defendants shall ensure that all emission related parts of the
12 vehicle are identical to those parts on the EDV;
13

14 v. Defendants provide the results of each review to EPA
15 (and where appropriate, ARB) in accordance with Section XIV. (Notices) of this
16 Decree, prior to submission of the corresponding COC application;

17 vi. for Carry-Over COC Applications, the protocol shall
18 contain a demonstration that the Person who manufactured the prior Model Year
19 Vehicle (or Engine) that is being used as the EDV is the same Person who
20 manufactured the current vehicle (or engine) for which Certification is being
21 sought;

22 vii. Defendants follow a method of storing in a secure
23 location and keeping track of all EDVs upon which Defendants have based an
24 application for a COC, for any client, for a minimum of three years from the date
25 of submission of the application to EPA;

26 viii. Defendants follow a checklist to ensure that all records
27 that are required to be generated and/or kept by the importer or certificate holder
28

1 under EPA and ARB regulations (for example, 40 C.F.R. §§ 1051.205 and
2 1051.250) are maintained by Defendants, at their Facility(ies), for the minimum
3 period of time required by the applicable regulations;

4 ix. Defendants follow a method for ensuring that when an
5 EDV is modified or adjusted before completing Certification testing (e.g. whether
6 by installing a different part, or making adjustments on existing parts), that
7 Defendants notify any foreign manufacturers that before shipping vehicles to the
8 United States, all vehicles covered by that COC must have the same modification
9 (or change) as occurred to the EDV which passed the emission test (hereinafter
10 "Modification Notice"). This requirement applies regardless whether the EDV in
11 question is for a "new" engine family, a "Carry-Across" engine family or a "Carry-
12 Over" engine family. If the Modification Notice is in a language other than
13 English, Defendants shall prepare a version of the Modification Notice in English
14 at the same time they prepare the foreign language version, and shall retain a copy
15 on file of both versions of the Modification Notice until this Consent Decree is
16 terminated;

17
18 x. Defendants follow a method for ensuring that when any
19 maintenance is performed on an EDV prior to emissions testing, that Defendants,
20 prior to submitting the COC application for that EDV, notify the manufacturer in
21 writing ("Maintenance Notice") that instruction manuals for the vehicles or
22 engines in question must be modified to advise owners to perform such
23 maintenance;

24 xi. Defendants follow a plan and schedule for the
25 Compliance Contractor to annually train (for at least three years from the Effective
26 Date) Defendants' employees and contractors on how to comply with the
27 Compliance Plan and applicable EPA and ARB regulations, applicable testing and
28

1 recordkeeping protocols.

28

1 to pay any stipulated penalties.

6 California Health and Safety Code Sections 43151- 43153, Defendants shall be

8 imposed for such violation.
9

10 IX. FORCE MAJEURE

11 60. "Force majeure," for purposes of this Consent Decree, is defined as
12 any event arising from causes beyond the control of Defendants, of any entity
13 controlled by Defendants, or of Defendants' contractors, that delays or prevents
14 the performance of any obligation under this Consent Decree despite Defendants'
15 best efforts to fulfill the obligation. The requirement that Defendants exercise
16 "best efforts to fulfill the obligation" includes using best efforts to anticipate any
17 potential force majeure event and best efforts to address the effects of any such
18 event (a) as it is occurring and (b) after it has occurred to prevent or minimize any
19 resulting delay to the greatest extent possible. "Force Majeure" does not include
20 Defendants' financial inability to perform any obligation under this Consent
21 Decree.

22 61. If any event occurs or has occurred that may delay the performance of
23 any obligation under this Consent Decree, whether or not caused by a force
24 majeure event, Defendants shall provide notice orally or by electronic or facsimile
25 transmission to EPA and ARB, in accordance with Section XIV ("Notice"), within
26 72 hours of when Defendants first knew that the event might cause a delay.
27 Within seven days thereafter, Defendants shall provide in writing to EPA and
28

1 ARB an explanation and description of the reasons for the delay; the anticipated
2 duration of the delay; all actions taken or to be taken to prevent or minimize the
3 delay; a schedule for implementation of any measures to be taken to prevent or
4 mitigate the delay or the effect of the delay; Defendants' rationale for attributing
5 such delay to a force majeure event if it intends to assert such a claim; and a
6 statement as to whether, in the opinion of Defendants, such event may cause or
7 contribute to an endangerment to public health, welfare or the environment.

8 Defendants shall include with any notice all available documentation supporting
9 the claim that the delay was attributable to a force majeure. Failure to comply
10 with the above requirements shall preclude Defendants from asserting any claim
11 of force majeure for that event for the period of time of such failure to comply,
12 and for any additional delay caused by such failure. Defendants shall be deemed
13 to know of any circumstance of which Defendants, any entity controlled by
14 Defendants, or Defendants' contractors knew or should have known.

15
16 62. If EPA, after a reasonable opportunity for review and comment by
17 ARB, agrees that the delay or anticipated delay is attributable to a force majeure
18 event, the time for performance of the obligations under this Consent Decree that
19 are affected by the force majeure event will be extended by EPA, after a reasonable
20 opportunity for review and comment by ARB, for such time as is necessary to
21 complete those obligations. An extension of the time for performance of the
22 obligations affected by the force majeure event shall not, of itself, extend the time
23 for performance of any other obligation. EPA will notify Defendants in writing of
24 the length of the extension, if any, for performance of the obligations affected by
25 the force majeure event.

26
27 63. If EPA, after a reasonable opportunity for review and comment by
28 ARB, does not agree that the delay or anticipated delay has been or will be caused

1 by a force majeure event, EPA will notify Defendants in writing of its decision. If
2 Defendants elects to invoke the dispute resolution procedures set forth in Section X
3 ("Dispute Resolution"), it shall do so no later than fifteen (15) Days after receipt of
4 EPA's notice. In any such proceeding, Defendants shall have the burden of
5 demonstrating by a preponderance of the evidence that the delay or anticipated
6 delay has been or will be caused by a force majeure event, that the duration of the
7 delay or the extension sought was or will be warranted under the circumstances,
8 that best efforts were exercised to avoid and mitigate the effects of the delay, and
9 that Defendants complied with the requirements of Paragraphs 60 and 61, above.
10 If Defendants carry this burden, the delay at issue shall be deemed not to be a
11 violation by Defendants of the affected obligation of this Consent Decree identified
12 to EPA and the Court.
13

14 X. DISPUTE RESOLUTION

15 64. Unless otherwise expressly provided for in this Consent Decree, the
16 dispute resolution procedures of this Section shall be the exclusive mechanism to
17 resolve disputes arising under or with respect to this Consent Decree. Defendants'
18 failure to seek resolution of a dispute under this Section shall preclude Defendants
19 from raising any such issue as a defense to an action by the United States or ARB
20 to enforce any obligation of Defendants arising under this Consent Decree..

21 65. Informal Dispute Resolution. Any dispute subject to Dispute
22 Resolution under this Consent Decree shall first be the subject of informal
23 negotiations. The dispute shall be considered to have arisen when Defendants
24 sends the United States and ARB a written Notice of Dispute. Such Notice of
25 Dispute shall state clearly the matter in dispute. The period of informal
26 negotiations shall not exceed 30 Days from the date the dispute arises, unless that
27 period is modified by written agreement. If the Parties cannot resolve a dispute by
28

1 informal negotiations, then the position advanced by the United States, after
2 consultation with the ARB, shall be considered binding unless, within 30 Days
3 after the conclusion of the informal negotiation period, Defendants invoke formal
4 dispute resolution procedures as set forth below.

5 66. Formal Dispute Resolution. Defendants shall invoke formal dispute
6 resolution procedures, within the time period provided in the preceding Paragraph,
7 by serving on the United States and ARB a written Statement of Position regarding
8 the matter in dispute. The Statement of Position shall include, but need not be
9 limited to, any factual data, analysis, or opinion supporting Defendants' position
10 and any supporting documentation relied upon by Defendants.

11 67. The United States, after consultation with ARB, shall serve its
12 Statement of Position within 45 Days of receipt of Defendants' Statement of
13 Position. The United States' Statement of Position shall include, but need not be
14 limited to, any factual data, analysis, or opinion supporting that position, and any
15 supporting documentation relied upon by the United States. The United States'
16 Statement of Position shall be binding on Defendants, unless Defendants files a
17 motion for judicial review of the dispute in accordance with the following
18 Paragraph. Defendants may seek judicial review of the dispute by filing with the
19 Court and serving on the United States and ARB, in accordance with Section XIV
20 (Notices) of this Decree, a motion requesting judicial resolution of the dispute.
21 The motion must be filed within 15 Days of receipt of the United States' Statement
22 of Position pursuant to the preceding Paragraph. The motion shall contain a
23 written statement of Defendants' position on the matter in dispute, including any
24 supporting factual data, analysis, opinion, or documentation, and shall set forth the
25 relief requested and any schedule within which the dispute must be resolved for
26 orderly implementation of the Consent Decree.
27
28

1 68. The United States, after consultation with ARB, shall respond to
2 Defendants' motion within the time period allowed by the Local Rules of this
3 Court. Defendants may file a reply memorandum, to the extent permitted by the
4 Local Rules.

10 this Consent Decree; the adequacy of work undertaken pursuant to this Consent
11 Decree; and all other disputes that are accorded review on the administrative
12 record under applicable principles of administrative law, Defendants shall have the
13 burden of demonstrating, based on the administrative record, that the position of
14 the United States (and/or ARB) is arbitrary and capricious or otherwise not in
15 accordance with law.
16

17 70. Other Disputes. Except as otherwise provided in this Consent Decree,
18 in any other dispute brought under this Section X, Defendants shall bear the burden
19 of demonstrating that its position complies with this Consent Decree and better
20 further the objectives of the Consent Decree. The invocation of dispute resolution
21 procedures under this Section shall not, by itself, extend, postpone, or affect in any
22 way any obligation of Defendants under this Consent Decree, unless and until final
23 resolution of the dispute so provides. Stipulated penalties with respect to the
24 disputed matter shall continue to accrue from the first Day of noncompliance, but
25 payment shall be stayed pending resolution of the dispute as provided in Section
26 VIII ("Stipulated Penalties"). If Defendants does (do) not prevail on the disputed
